Sub.: - Submission of Manufacturing Statements 'A' & 'B' and format for submission of PSA

It has been observed that some of the Accounts Offices are either furnishing incomplete monthly reports of PSA and Manufacturing Statements 'A' & 'B' or not furnishing one or more of these reports at all. Therefore, it is for general dissemination that while maintaining timeliness of submission, the following guidelines are to be adhered to:

(i) In PSA for April 2017, Opening Balance as of 01 April 2017 should be the same as Closing Balance reflected in the Annual Accounts of 2016-17.

(ii) PSA should include factory-wise break-up of IFD issues/receipts. (Format is enclosed).

(iii) Manufacturing Statement A should reflect 'Value of Services' to each of the different categories of indentors separately, including factory-wise break up of IFD Issues. (Format is enclosed).

(iv) Manufacturing Statement B should be furnished for any revenue earning assets/estate in possession of a factory which includes Guest House, ATM Booth, etc., irrespective of whether or not holding residential estates, etc. As and when any amount is booked for the purpose of recoveries on rent, electricity and water charges from third parties (affecting the code heads from 802/02 to 802/05, under different UCC), Manufacturing Statement B should be furnished. Opening Balance as of 01 April 2017 (Rent Recoverable)

should be the same as Closing Balances reflected in column 3(c), Asset Side of the Statement of Assets & Liabilities, 2016-17.

Therefore, in order to have uniformity of required data and sufficiency of information, it is imperative that the monthly Reports be forwarded again for the months from April 2017 onwards.
